

MD Packaging Inc.
141 Reach Street
Unit #5A
Uxbridge, ON
L9P 1L3

To whom it may concern,

As of January 12, 2021, MD Packaging has been designated an essential service based on the governments criteria including supply chains.

“Businesses that supply other essential businesses or essential services with the support, supplies, systems or services, including processing, packaging, distribution, delivery and maintenance necessary to operate”

So, what does this mean? It means that we continue to provide essential services including parts supply, emergency field service work, product inspection re-work etc. Our team is working remotely - head office has a skeleton staff to ensure we can continue to ship equipment, parts and consumables to customers. We have taken all recommended precautions to be able to continue to work, safely. We need to ensure that the supply chain continues to operate and we are proud to be able to do our part to help.

Please visit our website for more information, including our COVID-19 Policy.

If you have any questions, please don't hesitate to call any one of our team members or me directly. You can also email us - info@mdpackaging.com.

We WILL get through this!!

Regards,

Jaime Alboim
