Stretch Hood wrapping system for palletized loads

Stretch Hood

The best pallet wrapping system

The Stretch Hood pallet wrapping system offers maximum load stability and protection. This innovative wrapping technology applies a tubular film that stretches and adapts to the contour of the load, offering stability and protection. Stretch Hood provides major savings in consumables, faster-wrapping speed, total load protection, transport safety, and a superior quality finish that adds value to your palletized product.

Stretch Hood SH | PRO:

Technical datasheet | Standard Reference Data

Standard production capacity	120 pallets/hour (check other models for higher production)
Operating film thickness	60 - 130 µm (2.36 – 5.12 Mils)
Minimum load dimensions	600 x 600 mm / 24 x 24 inch. (adaptable to other dimensions)
Maximum load dimensions	Standard: 1.300 x 1.250 mm / 50 x 50 inch. Big Format: 3.800 x 1.250 mm / 150 x 50 inch. (adaptable to other dimensions)
Load height	Between 400 - 2.500 Kg. / 15 - 100 inch (adaptable to other dimensions)
Maximum load weight	2.000 Kg. / 4.400 Lb. (adaptable to custom loads)
Number of reels	1 to 3
Installed power	11,6 Kw
Pneumatic consumption	50 NL/min (for 60 p/h)
Electrical requirements	380V/3F + PE (adaptable to other requirements)
Network frequency	50 Hz (adaptable to other requirements)
Standard machine dimensions	5.400 x 3.700 x 4.900 mm / 210 x 145 x 190 inch. (LxWxH)
Accessories	Special conveyor included Edge protector applicator system Motorized film uncoiler Edge rounding system

INNOVA SUPPORT:

WORLDWIDE TECHNICAL SUPPORT

At Innova, the Technical Support service is one of our packaging projects' most important aspects. We have a network of offices in several countries where we offer an International Technical Support Service with localized and personalized assistance.

4.0 INDUSTRY SUPPORT AT THE SERVICE OF OUR CUSTOMERS

- Troubleshooting by Remote Connection
- 4.0 Connectivity and Real-Time Reporting
- Preventive Maintenance Plan
- Spare parts Smart Warehouse
- Online and remote training
